

PEAKE connects people, technology and mission operations to build the most reliable integrated solutions that enable operational success.

Our team of experts in satellite communications, mobile and enterprise network operations and systems engineering allow us to bring advanced, end-to-end, solutions to every industry, climate and situation. With our diverse expertise and uniquely customized approach, we guide customers through the complex technology landscape and build integrated solutions that accelerate success.

It is our passion for innovation, technical reliability and operational efficiency that enables us to deliver fast, effective and field-ready solutions

TECHNOLOGY INTEGRATION

Designing and integrating mobile, fixed and tactical technology solutions.

Mobile and Fixed Solutions

- **Mobile Solutions**
 - Audio Visual
 - Mobile Networks
 - Reachback
 - Wireless
 - Security
- **Operations Centers**
 - Design, Integration and Maintenance
 - Audio/Video Design and Installation
 - Systems Engineering and IP Networking
 - Connectivity to Resources in the Field
- **Converged Communications Interoperability**
 - LMR, Telephony, Data
- **Video Solutions**
 - VirtualVideoWall- Video dashboard
 - Surveillance
 - Teleconferencing
 - Telepresence
- **Redundant Communications**
 - VSAT Service
 - 4G/LTE Cellular
 - Mesh Networks
- **Advanced Audio/Video Integration**
 - Analog to Digital Conversion
 - Video Systems

COMMUNICATION SERVICES

Providing communication services for mission success.
'If you can't communicate you can't operate.'

- **Tactical IP Satellite Service**
- **Private Managed Satellite Service**
- **Transponded Satellite Service**
- **Tactical Voice Service**
- **ProSupport Engineering Services**

COMPANY

- Network Engineering, Technology Integration, Wireless Communications, AV Systems, Communication Services, Enterprise Operations and COMSATCOM
- CONUS and OCONUS reach and support
- Top Secret Facility Clearance
- ISO 9001:2015 certified Quality Management System
- Privately held SBA Certified SB; Maryland SBE
- Headquarters in Severna Park, MD
- Reach back to engineering bench
- DCAA Compliant Accounting system
- 100% cleared and 50% of employees are veterans

ENTERPRISE OPERATIONS

Delivering programmatic engineering services and advanced technology solutions to our government clients to support their mission.

- **Program Management**
 - Proactive planning
 - Implementation of systems
 - Incorporation of industry and partner best practices
 - Early identification of potential risks and development of mitigation strategies
 - Analysis of Alternatives
 - System Engineering Plan
 - Enterprise PROSupport
 - Full Life Cycle DME and Tech Refresh
- **Communications Infrastructure O&M**
 - Network Management
 - SOC/NOC/EOC Management
 - Information Assurance
- **Systems Design and Engineering**
 - Mobile Infrastructure
 - Enterprise Infrastructure
 - IP Communications Engineering and Systems Deployment
 - IP Networking (LAN, WAN, MAN, VSAT, Wireless, Mesh, Cellular)
 - Communication Services Engineering- LMR, Satellite, VoIP, Video
 - CyberSecurity

COMSATCOM

Complex Satellite Solutions for DOD and Federal Agencies

- **Custom Solutions**
- **Global Bandwidth (C, Ku, Ka and X)**
- **Fully Managed Satellite Service**
- **Transponded Satellite Capacity**
- **Private Satellite Networks**

PEAKE has been awarded a **Small Business Prime Contract** with GSA to support unique commercial satellite communications (COMSATCOM) needs for the Complex Commercial SATCOM Solutions (CS3) contract vehicle.

CONTRACT VEHICLES

- GSA Schedule 70- Contract GS-35F-0271U, Prime
- Complex Commercial SATCOM Solutions (CS3)
 - Contract GS00Q17NRD4008, Prime
- Seaport-NxG Contract N0017819D7810, Prime
- US Navy Seaport E, Contract N00198-14-D-7321, Prime
- NAVAIR NCR, Prime- ManTech
- DOD Technical Enterprise Support Services III (TESS III)
 - BAE SYSTEMS – Prime Contract Number: 19-F-1033
- NAVAIR Life Cycle Support Services (LCS)- BAE SYSTEMS
 - Prime Contract Number: N00421-18-D-0062
- National Guard Bureau Enterprise Operation Support Services (EOSS III)- GDIT – Prime Contract Number: GS00Q09BGD0055-TOGSQ0016AJ0009
- NAVAIR National Capital Region (NCR)- ManTech International
 - Prime Contract Number: N00178-04-D-4080
- DODCIO MOBIS – SAIC – Prime Contract Number: HQ0034-13-A-0024

PARTIAL CUSTOMER LIST

- Department of State
- DISA
- US Navy
